Act-X

Joint

Mini  
Symposium

## “Life and Chemistry”

Monday, Jan 27th

Lab5, Level D, Room L5D23, 13:00 ~ 17:30

Registration free

The cutting edge biology meets the state of the art chemistry.

Hibernation and gene expression

Whole brain transcriptomics

Plant chemical biology

Molecular Bioengineering

Synapse and sleep

Computational Neuroethology

Cell division dynamics

Developmental Neurobiology
